

## **BEATRIZ PUENTE BERDASCO**

### **Academic Studies**

B.S in Geology. Department of Geology, University of Oviedo, Spain. (2010)

International Master`s degree in Analytical and Bioanalytical Sciences.  
Department of Chemistry, University of Oviedo, Spain. (2014)

Master thesis: "*Caracterización química de estalagmitas mediante LIBS*"  
Supervisor: Jorge Pisonero (Department of Physics).  
"*Chemical characterization of stalagmites by LIBS*".

### **Professional Experience**

Laboratory Technician in private contracts and European project.  
Department of Geology, University of Oviedo, Spain. (2013-2014)

Project Administrator.  
Department of Geology. University of Oviedo, Spain. (2011-2014)

ERC project "*Precedents for Algal Adaptation to Atmospheric CO<sub>2</sub>: New indicators for eukaryotic algal response to the last 60 million years of CO<sub>2</sub> variation.*"

### **Contact**

**Address:** Department of Physical and Analytical Chemistry, Faculty of Chemistry, University of Oviedo.

Julián Clavería, 8, 33006, Oviedo, Spain.
